

**Dissolve-It™**

Dissolve-It efficiently breaks down bird droppings, reducing the solids and eliminating odors. It allows for easy removal of even stubborn, caked-on droppings and other organic matter.

Simply mix Dissolve-It in a 1:1 ratio with water, saturate the target area and let the solution work for at least fifteen minutes. Solution can be applied with a hand sprayer. The residue will easily spray away with hose or power sprayer.

Dissolve-It is a bio-chemical live enzyme formulation consisting of a synergistic blend of three selected Bacillus micro-organisms, special surfactants and a unique odor neutralization formula.

This product is non-toxic, non-flammable and bio-degradable, plus it is USDA accepted, environmentally safe. It can be poured over piles of bird droppings, as well as into drains, trash cans, sewers and grease traps.

It can be used in unlimited areas: beneath and around roof-top air conditioning units, rain gutters, balcony areas and tops of ledges and pipes, use at 1:1 spray mixture with water.

Dissolve-It (5 gal.)	CL-3005/674736

**Gel Remover**

There are many different brands of Repellent Gel on the market that are all very sticky and, if applied incorrectly, are very messy as well. Our Gel Remover actually dissolves gel, leaving an almost perfect clean-up. It is water soluble and will not damage most surfaces, with the notable exception of tar-based roofing materials. Instructions for use included.
